## EXPERIENCE

### ● **CNN Digital Designer**

2017–Present

Motion designer for CNN's daily news show, The Update. Collaborate with other verticals within CNN to create illustrations and graphics for articles featured on various parts of CNN's website and mobile application.

### ● **USDA, EFNEP Designer, Animator**

2016–2017

Designed educational material used in EFNEP class sessions – aimed to provide health and nutrition facts to low-income, vulnerable families. Animated marketing videos and overhauled existing enrollment that led to 2X increase in participation and involvement.

### ● **Quantum Bakery UX Designer, Freelance**

2014–2016

Developed a product website with focus on e-commerce payment functionality and tracking of sales. Led the design direction and created sitemaps, user flow, wireframes, mockups using Sketch and Figma. Primary illustrator and designer for two highly successful Kickstarter campaigns.

### ● **The Red and Black Layout Designer**

2015–2016

Layout designer for printed newspaper, using foundational design principles such as grids, guides, margins, information hierarchy while following communicative objectives. Delivered layouts on a weekly basis with strict deadlines. Over 10,000 copies of print are distributed across campus every week.
